Professional Summary

Certified **Data Analyst (AnalytixLabs)** with practical experience in **MIS reporting, sales data analysis, and dashboard development**. Proficient in **Advanced Excel, SQL, and Power BI**, with expertise in KPI tracking, data transformation, and reporting automation. Adept at converting raw datasets into meaningful business insights to support data-driven decisions.

Key Skills

- Data Analysis & Reporting:** MIS Reporting, KPI Tracking, Data Interpretation, Business Insights
- Advanced Excel:** Pivot Tables, VLOOKUP, XLOOKUP, INDEX-MATCH, IF, SUMIFS, COUNTIFS, Conditional Formatting, Data Validation
- SQL:** Joins, Subqueries, Aggregations, GROUP BY, Date Functions, Data Extraction
- Power BI:** Dashboard Development, DAX, Power Query (ETL), Data Modeling, Data Visualization
- Data Management:** Data Cleaning, Data Transformation, Data Reconciliation, Record Management

Professional Experience

MIS Executive | Unicrete Building Solutions India Pvt Ltd | Dec 2024 – May 2025

- Prepared and automated **Daily, Weekly, and Monthly MIS reports** using Advanced Excel, reducing manual reporting time by **20–25%**.
- Evaluated **sales, dealer, and 800+ monthly PO records** using Pivot Tables, VLOOKUP/XLOOKUP, INDEX-MATCH, and SUMIFS to track KPIs and performance trends.
- Developed **3+ Power BI dashboards** to monitor Sales Performance and Order Status, supporting data-driven decision-making for management.
- Performed **data cleaning, transformation, and data modeling** using Power Query and DAX, improving reporting accuracy and reducing data inconsistencies.

Data Entry Operator | Central Bureau of Communication, Soochna Bhawan | May 2021 – June 2023

- Processed and maintained **300–500 monthly billing entries** using Excel with high accuracy and compliance standards.
- Verified and reconciled television billing records to ensure **100% documentation accuracy** as per financial guidelines.
- Managed complete billing and invoicing workflow using structured Excel sheets and PFMS system.
- Improved data validation practices, reducing billing errors and processing delays by **15%**.

Projects

Retail Sales Data Analysis (SQL | 23,000+ Records)

- Examined **23,000+ retail transaction records** using **SQL (JOINS, Subqueries, Aggregations, Date Functions)** to evaluate sales trends and customer behavior.
- Calculated key **KPIs including Total Revenue, Return Rate, Average Sales Value, and Purchase Frequency**, identifying **Top 5 revenue-generating categories**.
- Generated actionable business insights by segmenting store types and high-return products to simulate real-world decision-making.

Sports Performance Analysis Dashboard (Excel | Data Visualization)

- Processed and Assessed **50+ athlete performance records** using **INDEX-MATCH, COUNTIFS, and Pivot Tables** for structured reporting.
- Built an interactive **Excel Dashboard** visualizing gender distribution, country representation, and **Top 5 sports by participation**, reducing manual reporting effort by **30%**.
- Automated data validation and summary reporting using advanced Excel functions to improve data accuracy.

Education & Certifications

Indira Gandhi National Open University (IGNOU)

Master of Arts in Political Science | 2022 – 2024

Delhi University (NCWEB)

BA Programme | 2019 – 2021

Certifications:

- Certified Data Analyst – Analytix Labs
- SQL – Hacker Rank
- Career Essential in Data Analysis – Microsoft and LinkedIn
